

EU Injury Data & Reporting Services

Injury Report Request Form

Simply fill out the form below and you will be provided with a summary report about the requested issue with the major groupings as available in the respective data sources, e.g. country, age, sex, and external causes. We retrieve and analyse data on non-fatal injuries from the EU Injury Data Base (IDB) and data on fatal injuries from EU mortality statistics.

Please DESCRIBE YOUR REQUEST: E.g. injuries from baby walkers, sports injuries of adolescents (15-29), traumatic brain injuries, injuries among elderly (+65) in bathrooms, carbon monoxide poisoning.

...

Please INDICATE THE PURPOSE OF THE REQUEST AND THE INTENDED USE OF THE RESULTS: E.g. risk assessment of child safety products, press release for sports safety campaign, report on vulnerable road users, lecture at a geriatrics conference.

...

Please PROVIDE YOUR CONTACT DETAILS: Name, Organisation, e-mail, phone-nr.

...

PLEASE SEND THIS FORM AS ATTACHMENT TO YOUR MAIL TO:

s.turner@swansea.ac.uk

We will contact you if we need any further information. Thank you for your request!

Please note: The injury data and reporting service is provided free of charge to national ministries of health, national ministries for consumer safety, European Commission departments for health and consumer safety, and leading European NGOs in the fields of public health and consumer safety. The service is co-funded by the European Commission, DG Sanco and the Centre for Improving Population Health through E-Health Research (CIPHER) at Swansea University within the framework of the BRIDGE-project.
